Shipping cost depends on delivery address. The further away the more expensive it is.

I will update this cost after your order is packed and weighed.

0.2 - 0.3 - 0.45 mm Warlon ships rolled in a tube or box.

1.0 mm Warlon - small orders ship in a 17" x 17" x 42" box since it doesn't like to bend.

1.0 mm UPS charges start at \$150 to ship due to the large box size.

Larger 1.0 mm orders need to be crated and ship freight.
